Cllr Bowen asked whether the Clerk could contact the manufacturer to see whether they could provide an alternative locking mechanism that would not require any key which Council confirmed their agreement to and the Clerk was instructed to make such contact. It was also suggested that a key could be left at the Woollen Mill if	ACTION Clerk to arrange for duplicate keys to be provided to Cllrs Ellis and Kelly to enable them to display posters and notices on the village noticeboard on behalf of residents as an interim measure ACTION Clerk to make contact with the noticeboard manufacturer to ascertain whether an alternative locking mechanism is available

91.	Correspondence Correspondence for July/August/September 2021 – items of correspondence for information distributed throughout the month as recorded in Appendix 2 as required to be noted. The Chair invited members to raise any observations or concerns regarding any items of correspondence as referred to in Appendix 2 Cllr Kelly appraised Council that following the successful Keep Wales Tidy butterfly garden installation at the cemetery, the Clerk had received a communication from Rachel Carter of One Voice Wales asking for feedback and enquiring whether the Community Council would be interested in progressing a Keep Wales Tidy development package. As this was something that could again benefit the cemetery, Cllr Kelly had arranged a meeting with Rachel Carter on 21 st September and would provide a further update to members at the next Council meeting.	<u>RESOLUTION</u> The Council raised no observations or concerns and Appendix 2 was accepted
92.	Planning Applications	<u>RESOLUTION</u> The Council considered the application and resolved that it had no objection or observation to make upon the proposal

93.	<p>County Councillor Report / Adroddiad-y-Cynghorydd Sir A brief report from the C. Cllr. Tomos Jones on matters of importance and interest to the communities of Trefriw and Llanrhychwyn</p> <ul style="list-style-type: none"> - On 1st September I held the Multi Agency meeting regarding Crafnant and Geirionydd and the issues experienced at both lakes. The meeting was well attended with officers from the National Park, Natural Resources Wales, CCBC Officers, both Community and County Councillors and Assembly members in attendance. I opened the meeting by providing a summary of the issues experienced at both locations and then the meeting was opened up to the floor with all attendees contributing and agencies providing updates on the work undertaken to address these issues. The meeting highlighted that more was happening to address the issues however this did not meet the public perception (that nothing is being done). Agreed action from the meeting was to establish a working group with representatives from each stakeholder to introduce solutions to the issues, Conwy to lead on this. - Information about the RTA in Trefriw has been passed on to Conwy Highways officers to bolster the argument that 20mph speed limits are long overdue in rural villages. Welsh Government have made a commitment to introducing 20mph limits in 2022. - I have been trying to organise volunteer days to remove Himalayan Balsam with the Snowdonia Society. Unfortunately, we were not able to arrange a date where we were both available and would leave enough notice to engage volunteers before the Balsam went to seed. We will be arranging volunteer days to map the Balsam in the New Year with a view to following up with a series of volunteering days to remove Balsam. We will be looking to the Community Council to help engage with potential volunteers. - I have had communication from Conwy Officers and the Charities Commission with a view to changing the objectives of the Henry Higgins trust to enable trustees to distribute funds each year. I have responded to both and communicated my support of such a change and will arrange a meeting to set out a proposal with the other trustee, Cllr Lucy Williams, after the Community Council meeting. 	
94. 94.1	<p>Working Group Updates to Council <u>Village Hall Working Group (VHWG) update by Cllr Ellis and the Clerk:</u> Cllr Ellis confirmed to members that the VHWG had been working hard to clear out unwanted items from the Village Hall and create the small meeting room at the rear of the main hall. In order to block out the large cylinder from the neighbouring business's ventilation system the VHWG were proposing to Council that a daylight blind be purchased that would obscure the view but still allow light into the room. Cllr Ellis further advised that the VHWG would propose that a vacuum cleaner be purchased as it was not possible to sweep the barrier matting that</p>	<p>ACTION Standing Agenda Item</p> <p>RESOLUTION The Council resolved to agree the proposal by the VHWG to obtain a Henry hoover and daylight blind and the Clerk was authorised to purchase the items</p>

<p>94.2</p>	<p>had been installed and this would also enable easier cleaning of the main hall's wooden flooring. Cllr Ellis confirmed that a Henry vacuum hoover was currently on offer via Amazon for £99 and recommended to Council that this was purchased.</p> <p>Cllr Ellis also raised with members the replacement cooker that had yet to be purchased and recommended that the VHWG now look to obtain a replacement. The Community Council had previously received a donation from the Fairy Falls Hotel of £130 from a fundraising event that had taken place which was still held in the reserves and would offset the overall cost. Members discussed the items as recommended and authorised the Clerk to purchase both the Henry hoover and the daylight blind. Cllr Ellis was authorised to research suitable replacement cookers for further discussion at Council's next meeting.</p> <p>A member advised that several dining chairs had been left on the fire exit path adjacent to the kitchen. It was agreed that contact would be made to ask that the chairs are removed as a matter of urgency.</p> <p>The Clerk advised members that the further fixes required to enable the completion of the fibre broadband installation was still work in progress and that they were waiting further dates from BT Openreach as to when the outstanding work would take place.</p> <p><u>Cemetery Working Group (CWG) update by Cllr Bowen:</u></p> <p>Cllr Bowen updated members regarding the cemetery extension works referring those present to Appendices 3 and 4 advising that the Schedule now provided a sequence as to how the works would take place although it had not been possible to include details of the quantities required or the materials to be used as professional advice was still being obtained. Cllr Bowen considered the Schedule to now be sufficient to obtain expressions of interest for the work with potential contractors attending the site for further discussion to enable the Schedule to then become the formal tender document. Concern was raised by members that the final tender amounts would not be known ahead of the start of the budgeting process for the next financial year which would cause difficulties as it was likely that some additional monies would be required, in excess of the reserves held, and could influence the level of precept to be set. Following a further discussion, it was agreed that the CWG would meet on 27th September in order to calculate the required quantities and materials and create the formal tender document to be presented to full Council on 12th October for final approval. Once approved, the Clerk would then be able to issue out the tender documents to contractors the next working day with the expectation that any bids would be provided to the Clerk ahead of the following full Council meeting on 9th November. This would then enable Council to consider and, if appropriate, appoint the successful contractor with the full extent of the costs of the work being known ahead of budget planning for the 2022/23 financial year.</p>	<p><u>ACTION</u> Cllr Ellis to research suitable replacement cookers for further consideration at Council's next meeting (Agenda item for October)</p> <p><u>ACTION</u> Cllr Ellis to review and discuss removal of the chairs with the owners</p> <p><u>ACTION</u> CWG to prepare the formal tender document to be circulated to members for further consideration at Council's meeting in October (Agenda item for October)</p>
<p>94.3</p>	<p><u>Village Hall Community Group (VHCG) update by Cllr Bowen:</u></p> <p>Cllr Bowen advised members that at the meeting held on 31st August both David Stoba and Richard Dean had confirmed their agreement to becoming trustees and the appropriate forms had been completed for submission. Cllrs Bowen and Ellis recommended the appointments</p>	<p><u>RESOLUTION</u> The Council resolved to approve the recommendation by Cllrs Bowen and Ellis and the applications were approved.</p>

	to Council for approval. Cllr Bowen confirmed that once the dormant trust had been revitalised, Hunter Lydon and Felicity Ayres could be appointed as charity volunteers. Cllr Bowen advised that the next update to full Council would be provided at the November meeting.	<u>ACTION</u> Clerk to liaise with the applicants regarding the submission of the trustee forms
95. 95.1	Health and Safety As per the Agenda, it was agreed that Council would only receive verbal updates from members where issues needed to be highlighted and/or discussed. Cllr Scheltinga advised Council that during her inspection of the Gower Road footpath, a number of dead looking branches/trees had been noted midway along the footpath and an inspection by a qualified contractor was suggested. Council agreed that Cllr Scheltinga approach Jay Butters, as adviser to the Community Council, to ask that he conduct a visual inspection and report back.	.
95.2	Cllr Lloyd raised with Council the need for clearer signage for the Fairy Falls waterfall walk, as the volume of visitors parking dangerously at Bro Crafnant and using unauthorised/private land and unsafe walkways to gain access to the Falls had increased significantly and better signage was needed to identify both areas of private land and to redirect visitors to park in the centre of the village and then access the Falls along the two dedicated public footpaths. Cllr Lloyd further highlighted that some visitors were trying to access pools at the top of the Falls by climbing over broken fencing at the bottom which then led to a dangerous climb that needed to be urgently addressed. C. Cllr Jones advised that all parking obstructions should be reported via CCBC's Report It webpage and/or the North Wales Police non-emergency number. In terms of the broken fencing, he would contact Kevin Williams of the Environment, Roads and Facilities Department to see if the repair was something that CCBC could undertake. Cllr Ellis confirmed that she would report the broken fencing to CCBC via the Conwy Report It webpage. Cllr Ellis confirmed that she would speak to owners of the Woollen Mill to see what could be done to secure the land that was privately owned and display appropriate signage.	<u>ACTION</u> C. Cllr Tomos Jones to liaise with the ERF Department within Conwy CBC to ascertain whether the broken fencing at the bottom of the Falls comes within their remit <u>ACTION</u> Cllr Ellis to report the broken fencing at the Fairy Falls to CCBC. <u>ACTION</u> Cllr Ellis to contact the owners of the Woollen Mill regarding the securing of their land and the possibility of displaying appropriate signage
96. 96.1 96.2	Village Improvements No specific improvements for Council to consider were raised. Cllr Ellis confirmed that repainting of the benches had commenced and there were now only five benches left to treat in the village - three in the play park and one each in School Hill and on the corner of Cowlyd Road although the latter two were still in relatively good order. There were also the serpentine benches in the cemetery although it was agreed that in view of the extension works these would be refreshed in spring/summer 2022 once the works had been completed. Cllr Ellis confirmed that there was still sufficient painting and sanding materials available to councillors or residents to complete the five benches should anyone wish to volunteer. Cllrs Kelly and Ellis confirmed that they would attend to the three benches in the play park.	<u>ACTION</u> Standing Agenda item
96.3	Cllr Lloyd updated members that having attended the community skip at Bro Gower in August she had noted that, having only one CCBC operative in attendance, the disposal of waste was not always undertaken in a safe and orderly way and wanted to raise this with the Community	

	Council. Following a short discussion, it was agreed that a formal approach should be made to CCBC to highlight the potential health and safety issues and request that two operatives remain with the community skip to provide better traffic management and safer disposal of items.	<u>ACTION</u> Clerk to write to CCBC with Council's concerns over the traffic management and disposal of items at the monthly community skip
97.	Councillor/Clerk Training The Clerk confirmed that no training had been completed during the preceding month.	<u>ACTION</u> Standing Agenda Item
98.	External Meetings/Webinars It was confirmed that the only attendance by Councillors or Clerk for the preceding period was the multi-agency meeting to discuss the issues at Llyn Geirionydd and Llyn Crafnant for which a detailed update had been provided at item 93.	<u>ACTION</u> Standing Agenda Item
99.	Ash Dieback The Clerk confirmed that the works to fell the ash trees in and around Trefriw Play Park had been completed and the invoice presented as per the information within Appendix 1. The felled trees stumps that had been stacked and left on site needed to be removed at the earliest opportunity with the proposal that local log providers be contacted to see if there is any value to them in purchasing the felled timber. Following a short discussion, the Clerk was instructed to contact two local residents who may be interested in purchasing the wood. In relation to the remaining trees along Gower Road, the Clerk confirmed that no further communication had been received from Conwy CBC to the letter sent on 19 th August in which the Community Council again requested definitive evidence to prove that it was in legal ownership of the land.	<u>ACTION</u> Clerk to make contact with local log suppliers to see whether the timber from the felled ash trees could be sold (Agenda item for October)
100.	Village Christmas Tree Cllr Scheltinga advised members that she had received an offer of a Christmas Tree from a local resident but that a site visit would be needed to ensure that the Tree was sufficiently large enough and that Council would be able to have it transported to the centre of the village. Cllr Scheltinga confirmed that she would progress this over the next couple of weeks and further update at the October meeting.	<u>ACTION</u> Cllr Scheltinga to continue to source the central Christmas Tree and report back to Council (Agenda item for October)
101.	Village Hall Electricity Usage The Clerk referred members to the correspondence that had been circulated from Scottish Hydro Electric regarding the price increases which would come into place from 1 st October 2021 and the option to switch supplier although that would require a monthly direct debit to be agreed based on an anticipated annual consumption resulting in much higher monthly expenditure at the outset. The Clerk also highlighted that the current electricity unit price charged to hirers of the Village Hall would be several pence less than the charges to be implemented from 1 st October and recommended that Council increase this accordingly to cover the additional cost. Following a short discussion, Council agreed to remain with Scottish Hydro Electric taking into account the current limited bookings but that the unit price charged to hirers would be increased to £0.25 pence for any bookings from 1 st October 2021 onwards.	<u>ACTION</u> Clerk to increase the electricity unit price charged to Village Hall hirers to £0.25 pence from 1 st October 2021

102.	<p>Community Engagement</p> <p>Council agreed to introduce an informal drop-in surgery to be held at the village hall commencing in January 2022. These would take place approximately two weeks before the next scheduled Council meeting to enable any issues raised to be brought to the next Council meeting and would also provide residents with the ability to engage with Councillors approximately every two weeks, either at the drop-in surgeries or via the monthly Council meetings. It was agreed that the surgeries would be arranged for the last Friday afternoon in the month between 2:00 pm and 3:00 pm with Councillors to attend on a rotational basis as per their availability.</p>	
103.	<p>Next Month's Agenda</p> <p>The following additional items were proposed and accepted for Council's next meeting: No further items were proposed as either covered by standing agenda items or already captured by the Clerk for inclusion within the next Agenda</p>	<p>ACTION Any further items to be presented for consideration are to be received by the Clerk no later than Thursday, 30th September 2021</p>
104.	<p>Next Meeting of the Community Council</p>	<p>RESOLUTION Council resolved that the next meeting of Trefriw Community Council would be held at 7pm on Tuesday, 12th October 2021 remotely via Skype</p>
