Introduction

Trefriw Community Council serves areas of Trefriw and Llanrhychwyn in Conwy. There are 9 members of the Council.

We acknowledge the fact that under the Welsh Language (Wales) Measure 2011 the Welsh language has official status, and should be treated no less favourably than the English language.

We believe that it is good business practice to provide services in the language of choice of our community. We also believe that it shows respect to our Members and community to encourage and facilitate the use of their chosen language.

We will ensure that we make constant progress towards achieving this ambition, and this Welsh Language Policy sets out our current commitments in relation to using Welsh and also, where appropriate, sets targets to help us develop our use of Welsh.

The scope of our commitments in this policy should be interpreted reasonably - they are limited to activities and services in Wales or which are delivered to people living in Wales, and also limited to activities and services which we are able to control or influence.

Please direct any comments or complaints about this policy to the Clerk:

Public Image

We currently do not have any signage, but we will ensure that any new permanent signs owned by TCC are fully bilingual.

Our corporate brand is fully bilingual. Our stationery is fully bilingual, and includes a message inviting correspondence in both Welsh and English.

Website and Digital Services

We continue to work towards our website and all our online documents being bilingual. We are committed to ensuring our website is bilingual in all respects although some 'emergency notices' may have to be posted in English only depending on the urgency of the messages and the availability of translation facilities.

Advertising and Marketing

We aim to have all our advertising in the press bilingual where necessary. Our recruitment advertising is in Welsh or bilingual whenever Welsh language skills are desirable or essential for the advertised post.

Tracking Language Choice

We currently do not record or track the language choice of any business contacts.

Face to Face Communication

We cannot currently offer a simultaneous translation service at Council meetings or public consultations although we will provide interpretation in Welsh where possible. We cannot guarantee to be able to communicate face to face in Welsh with those we work with, members of the public, Council staff and members. However, we welcome their use of Welsh.

Telephone Communication

We cannot deal with telephone calls in Welsh at present. The clerk is able to recognise and handle a Welsh language call with courtesy.

Correspondence (Paper and electronic)

We accept correspondence in Welsh or English. We generally write to people in their preferred language. We always reply in Welsh when we are replying to letters received in Welsh or when we have received a request to do so. Information distributed on behalf of third parties (e.g. Elections and Audit information) will always be sent bilingually, when provided in both languages.

Forms and Account documents

Our forms and account documents are in English only. We will use more Welsh in our forms and account documents wherever it is reasonable to do so.

Recording and Developing our staff's language skills

We consider what level of Welsh language skills are required to perform all new roles in our organisation.

We keep an informal record of the Welsh language skills of employees and council members. We share information about each employee's Welsh language skills within the council, so that we can direct Welsh language enquiries to the appropriate person.

We acknowledge that in Wales, the Welsh language should be treated no less favourably than the English language.

We support staff who want to improve their Welsh language skills but are not able to fund formal learning courses where these skills are not essential.

Internal Communication

We recognise that each member of staff and customer has the freedom to use the Welsh language with each other, as enshrined in the Welsh Language (Wales) Measure 2011 and we expect staff and Members to respect the linguistic preferences of their colleagues and customers. We will support and facilitate the use of Welsh and English in the council.

Leadership

We will ensure that this policy is supported at the highest level and throughout our organisation.

Awareness

This policy will be conveniently available for the public to read on our website. Every council and staff member will receive a copy of this policy and direction on its requirements.

Review

We will assess and revise this policy at least every three years, or upon any significant changes within the council's staff or membership.
